About 3RNET

3RNET is the only organization of its kind. We are the nation's most trusted resource for health professionals seeking careers in rural and underserved communities.

Since 1995, our vast and diverse network – the National Rural Recruitment and Retention Network – has diligently served those organizations that serve the nation's health care safety net.

Invest in the
Future of the
Rural & Underserved
Health Workforce

We deploy workforce tools to support safety net health care recruitment and retention, including the 3RNET Annual Conference. We are best known for our nationwide job board, 3RNET.org, our data collection system PRISM, and our grassroots network of Coordinators who power everything we do.

We envision a United States where all communities thrive through a stable healthcare workforce. How we do our important work may vary, yet all stays within our mission to strengthen community access to a quality healthcare workforce.

Supporting the 3RNET Annual Conference means you're behind our vision, mission, and purpose. We thank you for lifting our innovative strategies so together we can enhance the recruitment and retention of the healthcare workforce through informative data, technology, education, connection and collaboration.

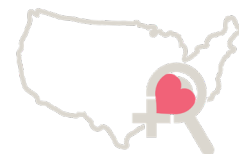

Nationwide.

Healthcare.

Job search.

With Heart.

About the Conference

There's no conference quite like 3RNET. You'll leave with real connections, and experience more than networking.

Partnering with 3RNET connects your organization to the people and programs shaping healthcare workforce development nationwide — while demonstrating your commitment to equity, access, and collaboration.

Where Partners

& Stakeholders
Collect Resources

Whether you're a nonprofit mission partner or a national organization, 3RNET's sponsorship levels are designed to help you engage meaningfully with this influential network.

Conference attendees have a high engagement rate with our sponsors. We feel confident you'll leave the event having spoken to most, if not everyone, in attendance.

Conference Attendees

3RNET's Annual Conference averages around 70 attendees. Our intimate size allows for unparalleled networking opportunities. 3RNET Annual Conference attendees represent:

- 30+ states
- 9,000+ safety net employers including critical access hospitals, federally qualified health centers, rural health clinics, tribal health sites, Veterans Affairs sites, mental health facilities, and more.

Attendees are employed by organizations representing statewide workforce programs such as:

- State Offices of Rural Health
- Primary Care Offices
- Primary Care Associations
- State Departments of Health
- Universities
- Non-profit organizations

Typical attendees are responsible for state- or organization-wide programs such as loan repayment and scholarship programs, J1 visa waiver programs, and additional health care workforce programs.

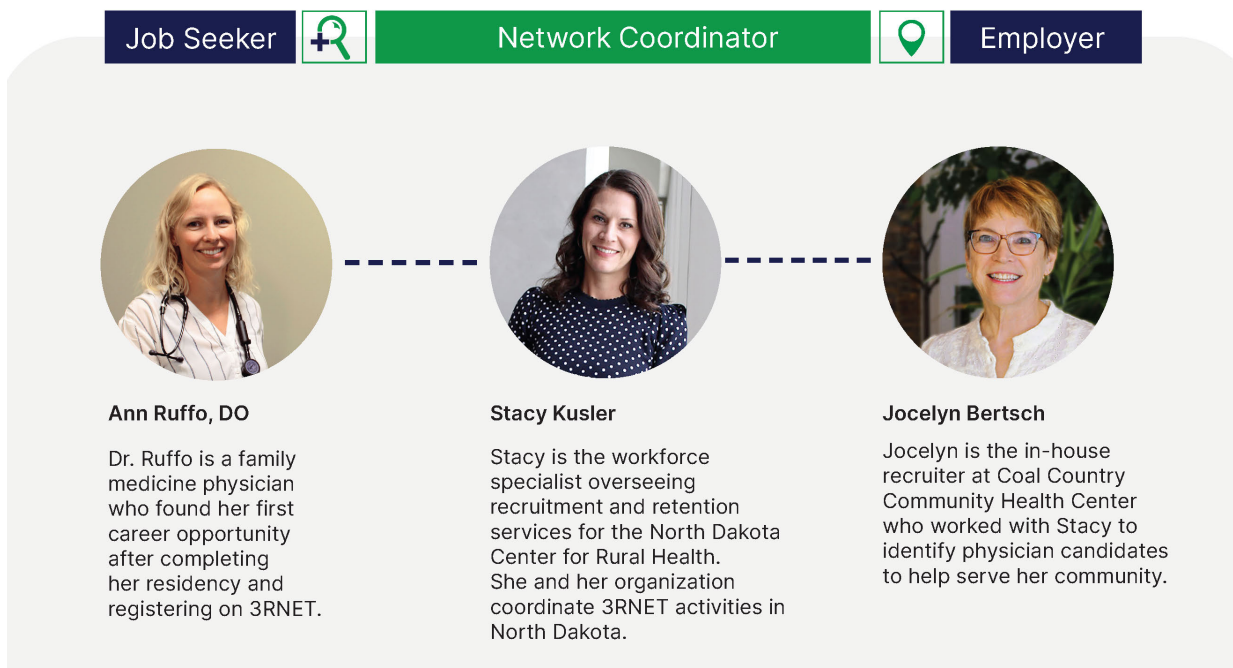

Educational program is curated to support these unique roles and responsibilities.

3RNET Network Coordinators

3RNET Network Coordinators represent the one member organization within each state which holds the 3RNET membership. Network Coordinators support 3RNET activities and promotion for our national association, and create what we call the National Rural Recruitment and Retention Network – our vast and diverse network.

3RNET Network Coordinators work with safety net employers and mission-minded job seekers to connect them to 3RNET in a variety of ways. From posting or searching for jobs on 3RNET.org, to education and support around recruiting a professional or finding the right safety net career opportunity, providing workforce resources to employers and job seekers and more, 3RNET Network Coordinators power everything we do.

A full list of 3RNET Network Coordinators, including the organizations they work for, may be found on our website, here: www.3rnet.org/Network-Coordinators
